Governor Paterson, Stop ICE's "Secure Communities" in New York Now!

In May 2010, NY State signed a Memorandum of Agreement with ICE approving the "Secure Communities" Program, in which local police send fingerprints of all arrestees to the Department of Homeland Security database. This costly program will push thousands more immigrants into the unjust detention and deportation system, while making us less safe and violating our rights. ICE has repeatedly misrepresented and lied about the program to the state and the nation. Join us in demanding that Governor Paterson terminate the Secure Communities agreement and that the federal courts require ICE to share all documents on "opting out" of the program. New York State should not cooperate with ICE in tearing apart immigrant families.

**RALLY in Manhattan
Thursday
December 9, 2010
11 am
Gov. Paterson's NYC Office
633 3rd Ave
(btwn 40th and 41st St.)**

After the rally, a federal judge presiding over *NDLON v. ICE* will consider an emergency injunction ordering ICE to make documents public regarding whether jurisdictions can refuse to participate in Secure Communities. Please come to the hearing to show your support for this injunction at 2:00pm at US District Court at 500 Pearl Street, Courtroom 15C, NY, NY.

Gobernador Paterson debe acabar con “Comunidades Seguras” en Nueva York ahora

En mayo del 2010, el estado de NY firmó un contrato con ICE aprobando el programa de “Comunidades Seguras”—en la cual departamentos de seguridad locales mandan huellas digitales de los arrestados al Departamento de Seguridad Interior. Este programa empujará a miles de inmigrantes a un sistema injusto de detención y deportación. ICE sigue mintiendo sobre el programa al estado y a la nación. Únete en demandar que el gobernador cancele el acuerdo de Comunidades Seguras y que las cortes federales que obliguen a ICE a compartir toda la información sobre el proceso de exclusión en el programa. El estado de Nueva York no debe colaborar con ICE en romper las familias de inmigrantes.
